DATA PROTECTION IS CHANGING FROM MAY 2018

The only data the WEWSA holds about people is name, title, email address, postal address, telephone number, membership type (student, individual, company etc.), membership status and company (where relevant). This is used primarily for sending details of our tastings and events and to manage bookings for those events. We will also occasionally notify members of other wine related matters (e.g. job vacancies, external wine events) that we think may be of interest. Details on the mailing list will never be released to any third parties without the explicit permission of the member.

...and then please tick this box to show that you are happy to hold and use my details based on the association's defined usage. It is not possible to be a member of the WEWSA without doing this.
